

# THE GREAT RECYCLERS

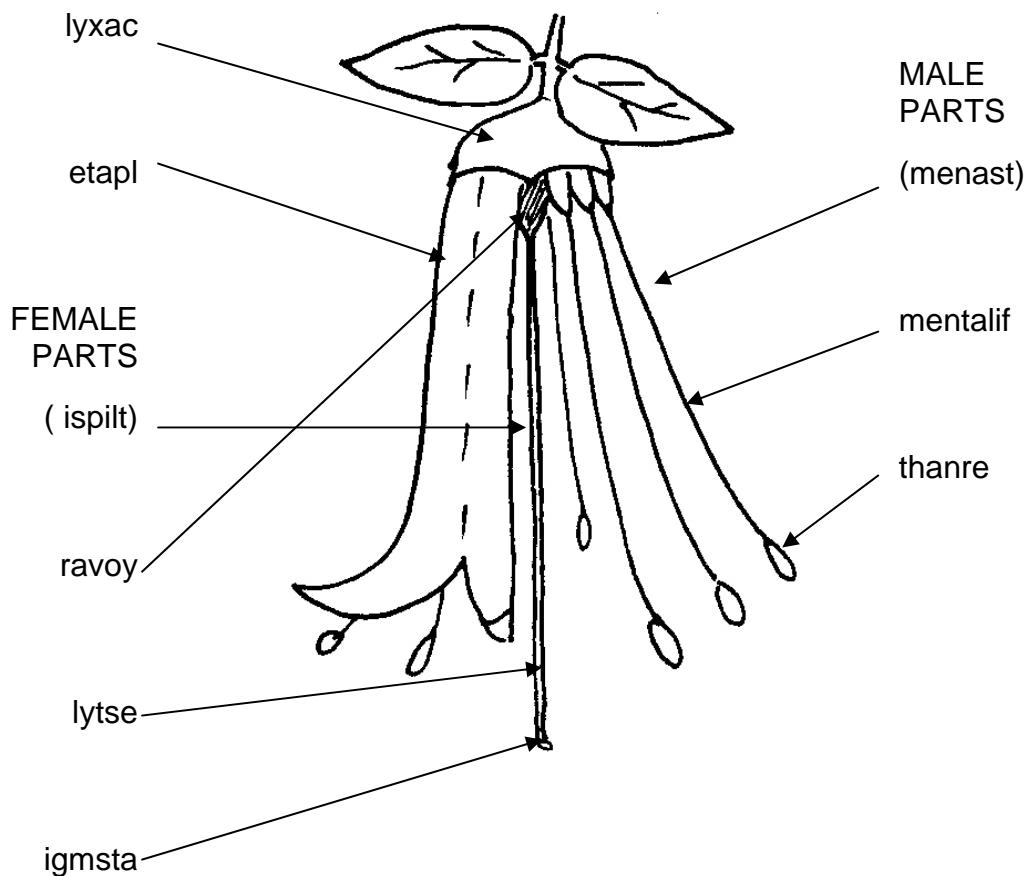

Fungi help break down dead plants and animals so the forest can continue to grow.

*Draw two types of fungi you saw at the Botanic Gardens*

## FLOWER SCRAMBLE

Below is a picture of a Correa flower with half of the outside cut away

*Unscramble the names for the parts of a flower. See the words in the box for the correct spelling to write below the scrambled word.*

*pistil filament style petal calyx ovary anther stamen stigma*
